On page 48150, columns 2 and 3, revise the Privacy Impact Assessment section to read as follows:

**Privacy Impact Assessment:** This information collection affects individuals or households. The Commission is not collecting personally identifiable information (PII) for the purpose of populating in the database, however, the database is made available and accessible by the

Commission and the TRS Fund Administrator. Although TRS users are required to provide their personal identifiable information to register for using TRS service, such information is available only to the Commission, the TRS Fund Administrator, and a third-party independent vendor selected by the Commission's Managing Director and the Commission. The third party vendor and the Commission are required to maintain all registered information, including personal information, in the registration database confidential in accordance to the directives under contract between the third party vendor and the Commission's Managing Director.

The FCC is completing the requirements for a new system of records notice (SORN), FCC/CGB-4, "Internet-based Telecommunications Relay Service-User Registration Database (ITRS-URD)," which will cover the personally identifiable information (PII) that may be collected, maintained, used, and stored, and disposed of when obsolete, and which are part of the information associated with these information collection requirements, i.e., the new SORN will make this information collection comply with all requirements of the Privacy Act of 1974, as amended.
